$$1 + 1 = 2$$

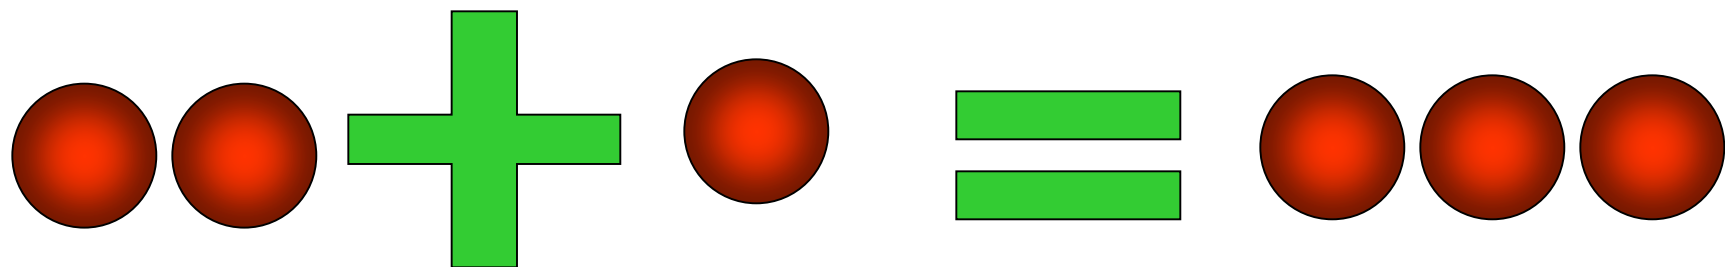

A visual equation where two red spheres are added together to form two red spheres. The plus sign and equals sign are green.

$$1 + 2 = 3$$

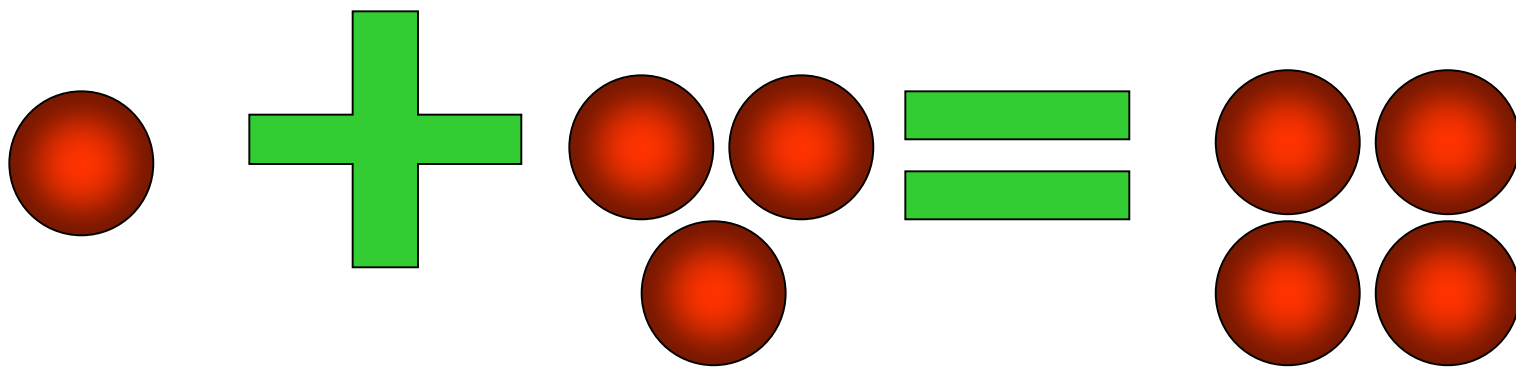

A visual representation of the equation $1 + 2 = 3$. It features a single red circle on the left, followed by a green plus sign, two red circles in the middle, a green equals sign, and three red circles on the right.

$$2 + 1 = 3$$

A visual representation of the equation $2 + 1 = 3$. On the left, two red circles are followed by a green plus sign, then a single red circle. This is followed by a green equals sign. On the right, three red circles are arranged horizontally. The circles have a gradient from dark red to light red, and the plus and equals signs are bright green.

$$1 + 3 = 4$$

A visual equation illustrating the sum of 1 and 3. On the left, there is one red sphere. This is followed by a green plus sign. To the right of the plus sign are three red spheres arranged in a triangle (two on top, one on the bottom). This is followed by a green equals sign. On the far right, there are four red spheres arranged in a 2x2 square grid.
